Oliveri Sinks

The kitchen is the heart of your home. From the time you wake up in the morning right through to late night entertaining, your kitchen plays a major role. Beyond basic practicality, today's kitchens and the various elements that create them are also a centrepiece of style and innovation. It is this pursuit of design excellence that provides the inspiration behind the latest range of Oliveri Contemporary Sinkware, created to enhance and compliment not only other appliances in your kitchen, but to add value and a touch of stainless steel sophistication to your whole home.

Oliveri

Introducing Oliveri

Oliveri sinks began life as a general, domestic and metal fabricator in 1948. The founders pioneered the deep drawing technology in Australia, creating seamless, deep drawn stainless steel bowls.

Oliveri Sinks

Oliveri sinks are currently produced to "world standard" best practice. The company is Quality Endorsed and all products are manufactured to Standard ISO 9001 - 2000, your guarantee of quality. Current designs reflect the most modern and innovative styles and are crafted to suit even the most discerning homeowner.

Material

Oliveri sinks are manufactured from genuine 304 grade stainless steel (commonly referred to as 18/10 or 18/8).

Care & Maintenance

Every Oliveri sink is manufactured to the highest quality standards using the best stainless steel available. However, no stainless steel sink was ever designed to do battle against hardened metal utensils or food processor blades without incurring at least a few scratches. The best prevention against scratching is to exercise a little extra care, or even to use one of Oliveri's accessory baskets when washing cutlery and the like.

To maintain the shine on your Oliveri sink, regular maintenance is recommended with any of the easy to obtain, non abrasive cleaners or metal polishes for stainless steel.

Accessories

The more you use your Oliveri sink the more you'll enjoy it's sophisticated and functional design. The larger and deeper bowls make washing up easier and the impressive range of accessories transform any Oliveri sink into a total food processing centre. For instance, take the solid timber preparation board. In the morning you can use it for making sandwiches, at lunchtime it's simply perfect for preparing a salad, and when evening falls it even doubles as a stylish impromptu cheese board. Just one of the quality accessories that make Oliveri more than just a sink.

Bowl Capacities

Monet | A Modern Masterpiece

Not even the Europeans can match the style and refinement of the Oliveri Monet. The Monet's modern design and soft curved ends are designed to beautifully complement the other items in your kitchen. However, to be a valuable addition to your kitchen, beauty alone is not enough. The Oliveri Monet affords you the best of both worlds by blending refined elegance with unparalleled practicality.

M072U

28.04.0810 Undermount RH Bowl and a Half

M072U (with AC14, AC72 and AC74)

Features

Tap Landing

Clever thinking by the Oliveri designers means that the mixer tap is only mounted through the solid area of the benchtop. This makes the tap easier to install and more stable when fitted. It also gives you wider variety of taps to choose from.

Accessory Lip

A unique lip around the top edge of the bowl allows you to use the Monet D Colander, Timber Preparation Board and Stainless Utility Tray with your Oliveri Undermount Sink.

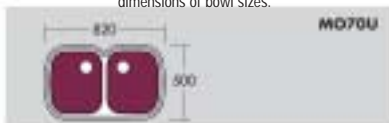

Off Centre Outlets

Oliveri designers have placed the drain outlets towards the rear of the bowl to give you the maximum amount of useable space in the cupboard below the sink. That's smart thinking.

Petite Sink - Stylish and Elegant

The Petite is stylish, elegant and intelligently engineered to set new world standards for stainless steel sinks. The fan-fluted drainers not only look stunning but also efficiently guide more water into the extra capacity, hand finished bowls. When combined with the specialist Oliveri accessories, the Petite is the complete hygienic food preparation centre and a valuable addition to any kitchen, large or small.

Solitaire Sink - The Versatile all-rounder

The Oliveri Solitaire revolutionises the design of stand-alone round sinks. Smart features add beauty and function to this simplest of forms, making Solitaire round bowls adaptable to just about any application. From kitchen to laundry, from bathroom to washroom. The elegant teardrop design is visually stunning, but serves to contain the wet area within the boundary of the sink, and all without infringing on the large capacity bowl.

Parbury & Oliveri

The Parbury range of taps offer elegance in design and function. The styles were chosen to compliment the clean lines of your Corsica or Oliveri Sink. The Parbury tap range offers high performance, reliability and are suitable for connection to a variety of hot and cold water systems.

PARBURY LEVER MIXER

This elegant design lever mixer tap features a bright-chrome easy to clean finish. The long swivelling spout enables easy access to both sinks. This tap incorporates a quality ceramic disc backed by a 5 year parts and labour warranty.

Order Code

28.10.0025

STARMIX 2000 FROM PARBURY (gravity fed water)

(enquire about other taps in this range)

Inspired by the latest in European design, the Parbury Starmix lever mixer tap features a stylish bright chrome easy to clean finish. It also incorporates an upmarket and versatile unique QL ceramic disc cartridge which suits all water pressures; high, low, gravity feed and unequal water systems. The ceramic cartridge has a 5 year warranty. Starmix has been designed for durability, and tested to the equivalent of over 45 years normal use.

Order Code

28.10.0000

PARBURY VEGETABLE MIXER

A versatile addition to the tap range, the vegetable spray mixer with extendable hose, is friendly to use, attractively designed and elegantly constructed. Available in chrome finish and carries a 5 year parts and labour warranty.

Order Code 28.10.0015

Hose is 1 mtr in length

OLIVERI MG513

This tall, elegant sink mixer has smooth curves to accompany the modern design of the larger sinks in the Oliveri range. The generous spout height allows plenty of room to get the biggest roasting dish underneath. Other features include a simple, one-touch control and European beauty. The ceramic disc cartridge carries a 5 year warranty and 12 months on all other parts.

Suits kitchen and laundry applications (mains pressure)

Parbury Water Filters

12 Month Warranty

With the ever increasing accent on health and well-being, water filtration plays a very important part in today's lifestyle. Parbury is pleased to introduce a range of water filter systems that produce great clean tasting water at a fraction of the cost of bottled water. Great tasting water for use in baby formula, coffee, tea, soups, stews, baking, pastas etc. The Parbury water filter range features filtration technology with a micron rating of 0.5 designed to remove contaminants, unpleasant tastes and odours and parasitic cysts like giardia and cryptosporidium. They also come complete with all fitments for easy installation including:

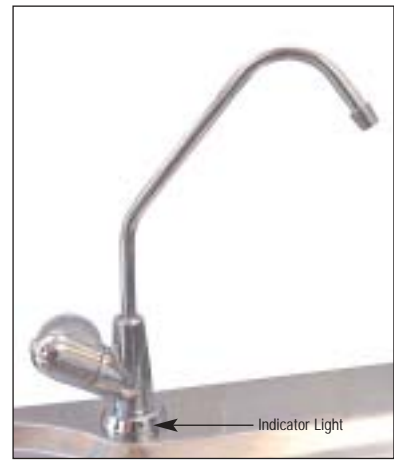

- Revolutionary multi-function control valve to manage water pressure and water flow.
- Exclusive bayonet cartridge lock system - as easy as changing a light bulb.
- Unique indicator light (Style and Deluxe Faucet models only) which changes from green to red, indicating it's time to change the cartridge after a 12 month period.
- Laser engraved Parbury logo on faucets, your sign of quality and reliability.

Standard Faucet
28.10.0031 includes cartridge

Style Faucet
28.10.0032 includes cartridge

Deluxe Faucet
28.10.0033 includes cartridge

The parbury cartridge features an exclusive bayonet lock system with dual O rings which is quick and easy to change, as simple as changing a light bulb.

Parbury

The solution to all your design needs

Handles and Knobs

Our New Handles and Knobs brochure covers a wide variety to suit all consumer tastes from metal handles, stainless steel handles, plastic colour co-ordinated handles and Carnival Handles.

Benchtops and Surfaces

Wilsonart offers over 220 colours in their extensive range of laminates. Wilsonart also offers a range of speciality laminates including chemical resistant, high-wear, fire rated, solid phenolic, marker grade and custom design laminates. Also included in the range is a complimentary range of decorative metals.

Ceramilite Designer Wall Panel

Ceramilite is a completely moisture resistant decorative wall panel that simulates ceramic wall tiles. Ceramilite is available in a range of 13 colours and gives peace of mind with a 10 year warranty.

Storage Solutions

Parbury distribute a diverse range of Blum Drawer Systems and Hinges providing you the ultimate selection to suit your lifestyle and budget. The Parbury range of high quality chrome storage units meets the highest standards in technical innovation and modern design. With everything from non-slip mat to line your drawers, to tidy bins, towel rails, lazy susans, ironing centres, cutlery trays and spice racks, Parbury offer the widest range of fittings for your kitchen, bathroom or laundry.

Parbury Lighting

Parbury has a range of cabinet lighting solutions suitable for under mount and top of cabinet positions. Easy fitting and easy relamping are just a couple of features you will see in this range of low voltage fittings in our comprehensive range. (Available August 2004)

Parbury Design Solutions

Parbury also distribute 2020, the world's leading design software for kitchens, bathrooms, wardrobes and furniture, providing exceptional 3D rendered images, detailed elevation drawings and EDI functionality. 2020 software is distributed in more than 50 countries and has more than 82,000 licenses being utilised to design residential and commercial interiors around the world.

Parbury - Proudly an Australian Owned Company

Parbury was originally established in 1834, the company thrived in the growing Australian colonies and after amalgamation with the Henty family interest in the late 1800s, Parbury became established as a trading company importing, wholesaling, marketing and distributing a variety of goods and commodities for industry and commerce.

Today, more than 160 years later, Parbury continues to offer the widest range of building products for kitchen, bathroom and commercial applications. With branches throughout Australia and New Zealand, Parbury's superior supply and service of leading brands in laminates, doors, cabinet hardware and accessories, is second to none.

The Parbury product portfolio includes designer doors, panels, roller shutters, door handles, laminates, quartz surfaces and solid surface products, designer tile panels, hinge and drawer systems, wireware pantry and cupboard systems, tidy bins, sinks, taps, rangehoods and lighting products. Parbury also distribute 2020, the world's leading design software for kitchens, bathrooms, wardrobes and furniture, providing exceptional 3D rendered images, detailed elevation drawings and EDI functionality.
