

Storage Solutions

# Selection Products

When planning your new kitchen, the functionality and efficiency of your kitchen is as important as its overall design and colour scheme.

The size of your household, your individual lifestyle and total storage needs are essential factors that need to be considered.

Preparation, cooking, storing and cleaning are just some of the different activities which take place in your household daily. Careful consideration of storage solutions in the early stages of planning will ensure that you get the very best use of the space available in your kitchen.

## Storage Solutions

### Wireware Systems

Maximise your storage space and increase workspace efficiency with wireware influenced by European designer quality. Parbury Wireware is an exclusive range of basket and storage systems, designed not only for functionality but are also decorative.

Pantry	Page 3
Drawer	Page 4-5
Cupboard	Page 6
Accessories	Page 7-13
Wardrobe	Page 14
Details	Page 15

### Drawer Dividing Systems

Cutlery, kitchen utensils, cookware, bottles, groceries and appliances. These form the majority of items stored in your kitchen, and all should be within easy reach. Drawer systems and pull outs on full extension runners allow total access to the entire drawer space and its contents. Blum drawer systems maximise your storage space and increase access, allowing you to fully appreciate the functionality of your kitchen.

## Parbury

### Wireware

Parbury are distributors of high quality chrome storage units which meet the highest standards in technical innovation and modern design. They provide solutions to the complex storage requirements of the modern day kitchen.

Increasing the access and functionality of storage space will ensure your new kitchen can satisfy your personal requirements well into the future. These storage units hold large volumes of groceries and condiments to be stored in a minimum of space while retaining access to all contents.

### Full Extension Pull Out Pantry

The full extension telescopic runner is adjustable in height to the millimetres, which allows it to adjust to any height differences.

## Parbury Chrome Tubing System

There are limitless opportunities to apply Parbury's range of accessories to suit the amount of wall space your kitchen has available. Straight lines and 90° corners are easily used.

With these accessories you are able to have your everyday items within easy reach, without your kitchen benchtop becoming cluttered. Giving you access to valuable preparation space.

By hanging quality wireware on your wall or splashback every item has a specific place, making your kitchen area more functional.

How do these accessories fit together?

The chrome tubing can be used over a distance of 1.2 meters or the length of your wall. The chrome tubing is easily joined by the chrome tube holder for longer distances.

The chrome tube holder set allows each end of the tube to be neatly finished. The chrome elbow will enable you to successfully navigate a 90° corner with ease.

Chrome hanging hooks are used to hang items off the chrome tubing such as utensils or display items.

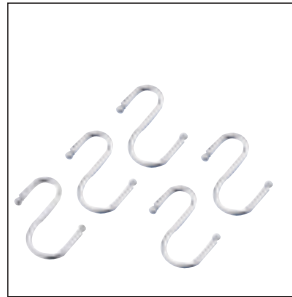

A great way to add colour and organisation to your kitchen is to use the spice rack set. There are eight bottles to each set which hang from the chrome tubing fixed to your wall or splashback.

Parbury chrome tubing system can be combined with many of the accessories shown from pages 7 and 9 of this brochure.

Blum Tandem Wardrobe System for Inner Drawers, Behind Doors

The Blum Tandem runner system is a fully concealed runner with high impact rollers which retains a neat and tidy appearance when drawers are opened. Available in single extension (30kg runner capacity) and full extension (30kg & 50kg runner capacity). This system maximises and increases accessibility to storage spaces. *For cabinet widths over 600mm a 50kg runner is recommended.* 30kg runner lengths in single/full extension available in sizes from 250mm to 550mm. In 50kg capacity 500mm and 600mm runner lengths are available.

The Blum Orga-line dividing system is a flexible range of stainless steel dividers that can be fitted into your wardrobe drawers. For more information on Orga-line refer to page 20 of this brochure.

## Parbury

### Main Features at a glance

#### Easy Cleaning

The Parbury wireware and tidy systems feature premium chrome or powder coated finishes. These quality coatings make cleaning safe and easy. All products are easily cleaned with soap and water.

#### Creating More Space

The Parbury range of storage products provides endless solutions to increasing the storage capacity of your kitchen. The use of full extension drawers and pantry's are not only ergonomically beneficial, but greatly increase the access to all the available space in your kitchen.

#### Quality

Parbury are dedicated to supplying quality products that are highly engineered. Attention to detail, technical innovation and modern design are paramount in the selection of products in the Parbury range.

These principles ensure the total quality of our storage solution products.

#### Load Capacity

Increasing the volume or area of kitchen storage space needs to be balanced with the ability of storage system hardware to reliably carry the increased load.

Parbury ensure all its storage products are designed to safely carry their recommended loads under the strain of everyday use.

Dream kitchens are conceived by imagination.  
However become reality with planning.

The storage space planner will provide answers to all your important questions and help you plan your storage needs.

Please visit our website [www.parbury.com.au](http://www.parbury.com.au) and download the Storage Space Planner brochure.

Blum

## Drawer Dividing Systems

Cutlery, kitchen utensils, cookware, bottles, groceries or appliances. Everything should be stored in your kitchen and be within easy reach. Drawers and pull-outs up to eye level will serve you noticeably better than doors and shelving. Full extending drawers and pull-outs give you a total overview of the interior and direct access to the entire contents. They are the prerequisite for good utilisation of storage space, enhanced ergonomics and convenience in the kitchen. With Blum® you can address your need for more storage space and increase the value of your new kitchen.

 This pantry solution is available in varying cabinet widths to suit your space requirements. Interior components of the drawers can be re-arranged to suit your needs.

This spacious larder unit has enough space for those appliances, provisions and utensils that you may have had to keep outside the kitchen before. The Tandembbox runners are all full extension, available in 30kg and 50kg capacity to suit varying cabinet widths and higher storage loads.

The zero protrusion hinge shown on the aluminium frame door eliminates the need for drawer spaces allowing you to have more drawer space. Refer code 91750.

Available in a high grade stainless steel finish or a white powder coated finish to co-ordinate with your appliances in your kitchen.

# Drawer

Blum

Blumotion for Tandembox - a new solution from Blum that takes function to new horizons. When your drawer is fitted with Blumotion you will notice a considerable noise difference in your household. With just a light touch your drawers will close silently and effortlessly. No more "slam, "bang" and "clatter". Blumotion comes in two versions: suitable for up to 30kg or 50kg loads.

We recommend for cabinet widths over 600mm wide where drawers may be heavily loaded, that a 50kg runner capacity is used.

N.B. Drip tray is stainless steel only and is also suitable to be used in a white drawer.

All applications available in powder coated white. Blumotion is an optional extra for all these solutions

Cookware that you use regularly should ideally be stored within reach when cooking.

Pots and pans need a lot of drawer space. The matching lids are held securely with an adjustable cross divider in the back of the drawer - all within clear view.

Storage for pots and pans  
This application is for a 900mm wide cabinet using a 500mm deep drawer runner

### ORGA-LINE

Picture on the right is a combination of 3 Orga-line divisional systems for cutlery/utensil storage in a 1200mm drawer.

ORDER CODE ZSI500BI3 x 1  
280mm wide x 474mm deep cutlery insert  
ORDER CODE ZSI500MI3 x 1  
279mm wide x 474mm deep utensil kit  
ORDER CODE ZSI500FI3 x 1  
291mm wide x 474mm deep utensil kit

The above kits are to suit a 500mm deep drawer and the drawer must be ordered separately.

These Orga-line kits are available as separate items and can be combined to suit your required drawer space. For any combination in utensil/cutlery or odds and ends storage.

Cutlery, utensils, odds and ends. A solution for all storage requirements, available in a vast variety of combinations to suit your requirements in varying cabinet widths from 275mm to 1200mm. For all these combinations a 30kg runner capacity is sufficient.

Orga-line divisional system for cutlery to suit a 600mm wide cabinet.

ORDER CODE ZSI500TI5 x 1  
515mm - 524mm wide x 474mm deep

Fits neatly into a 500mm deep drawer with no wasted space. This kit is an ideal solution for not only cutlery but a combination including utensils as well.

The individual cutlery containers can be removed for easy handling. Each container is made from high grade stainless steel and is therefore dishwasher-safe.

Orga-line divisional system for odds and ends to suit a 600mm wide cabinet.

ORDER CODE ZSI500MI3 x 1  
297mm wide x 474mm deep

Fits neatly into a 500mm deep drawer and is available in other combinations to suit cabinet widths from 275mm to 600mm

Full extension puts everything into focus; the ORGA-LINE dividing system keeps drawer contents tidy and everything in its place.

IDEA - why not line your ORGA-LINE cutlery drawer with Non Slip Mat. Non Slip Mat prevents unnecessary movement of cutlery. More information is on page 26 of this brochure.

Blum

## Main Features at a glance

### Carrying Capacity

Drawer contents are often heavy. Wider and deeper pull-outs must be able to carry a lot of weight and should be easy and safe to handle even when fully loaded. With a combination of high lateral stability and unsurpassed running action - even when fully loaded, the TANDEM runner system is up to the task.

### Easy Cleaning

Cleanliness and hygiene are especially important in the kitchen where provisions, open foodstuff and other articles for everyday use are stored. Therefore you should look out for materials that are easy to care for or dishwasher safe. High-grade stainless steel and special plastics have been incorporated to meet these requirements.

### Full Extension

Full extending drawers and pull outs are a prerequisite for the best and most practical use of storage space. They give a total view of interiors and unhindered access to the entire contents.

### Higher Drawer Sides and Backs

Full extensions used in conjunction with higher back panels and BOXSIDES provide 55% more storage space.

### Quality for the lifetime of the furniture

It is our aim to ensure that every single component that we produce maintains the same levels of convenience and perfect working order for as long as the furniture is used. For this reason we monitor our products in everyday use and in testing labs. This aim encompasses assembly convenience where we ensure that the attachment of fittings is fast, simple and error-free.

### Flexible interior dividing system

The storage space gained can be quickly and easily organised with the flexible ORGA-LINE system to meet individual requirements. Cutlery containers, cross and lateral dividers will help keep everything in its place and easy to find.

The kitchen featured below was constructed with Parbury products. The doors/gables/kicks are Panelart with a square edge profile in the colour, Luxor. The benchtop is Wilsonart Graphite Nebula textured matt finish.

## Take a standard kitchen and turn it into a designer kitchen!

As seen in this stunning laminated kitchen, a combination of chrome wireware accessories and stainless steel drawer dividing systems can turn a kitchen into a designer show piece. Chrome systems and accessories in the kitchen create a clean and polished eye catching display. Functional and strong to last the life of your kitchen.

## Parbury - Proudly an Australian Owned Company

Parbury was originally established in 1834, the company thrived in the growing Australian colonies and after amalgamation with the Henty family interest in the late 1800s, Parbury became established as a trading company importing, wholesaling, marketing and distributing a variety of goods and commodities for industry and commerce.

Today, more than 160 years later, Parbury continues to offer the widest range of building products for kitchen, bathroom and commercial applications. With branches throughout Australia and NZ, Parbury's superior supply and service of leading brands in laminates, doors, cabinet hardware and accessories, is second to none.

The Parbury product portfolio includes designer doors, panels, roller shutters, door handles, laminates, porcelain benchtops and solid surface products, designer tile panels, hinge and drawer systems, wireware pantry and cupboard systems, tidy bins, sinks, taps and lighting, marketed under the following brands:

### Designer Doors, Panels & Handles
