

Parbury - Proudly an Australian Owned Company

Parbury was originally established in 1834, today more than 160 years later, Parbury continues to offer the widest range of building products for kitchen, bathroom and commercial applications. With branches throughout Australia and New Zealand, Parbury's superior supply and service of leading brands in laminates, doors, cabinet hardware and accessories, is second to none.

The Parbury product portfolio includes designer doors, panels, roller shutters, door handles, laminates, porcelain benchtops and solid surface products, designer tile panels, hinge and drawer systems, wireware pantry and cupboard systems, tidy bins, sinks, taps, rangehoods and lighting products. Parbury also distribute 2020, the world's leading design software for kitchens, bathrooms, wardrobes and furniture, providing exceptional 3D rendered images, detailed elevation drawings and EDI functionality.

Revolutionary Multi Function Control Valve

Each Parbury Water Filter System is supplied with a revolutionary Multi-function control valve. This provides flow restriction, dual check backflow prevention pressure and anti-hammer protection to this filter system.

The valve is fitted with a particle removal screen on the inlet side of the valve to protect the intricate mechanism from debris that may be in the water supply.

Replacement Cartridge

The purpose of the filter is to screen out unwanted particles.

The filter bed or media is placed in the path of flowing water. As the water passes through the filter, unwanted particles are mechanically screened out and clean water flows out the other end of the filter.

The carbon filter system filters to 0.5 of a micron which removes and protects from parasitic cysts eg Cryptosporidium and Gardia, bad tastes, odours, sediment dirt and rust.

The Parbury cartridge features an exclusive bayonet lock system with dual O rings which is quick and easy to change, as simple as changing a light bulb.

- Replace cartridge every 12 months or when the indicator light turns red. (This feature available on Style and Deluxe Tap only)
- Purchase your replacement Water Filter Cartridge from Parbury, or your local Parbury dealer.
- Easy and simple to replace.

Design - Create - Renovate

PARBURY WATER FILTER SYSTEM

Clearly a healthy lifestyle

The Parbury water filter system is a must for all households, with a neat, compact and versatile design that fits simply under most kitchen sinks.

The system reduces sediment, taste/odour and parasitic cysts such as giardia, cryptosporidium and other contaminants. It provides clean and great tasting water, not only for drinking, but also for food preparation and cooking.

Features and Benefits

- Parbury water purification systems feature the very latest in filtration technology.
- Provides clear, great tasting water for less than 5c per litre for the first twelve months including the cost of the system. (dependent on your local water supply)
- Features the revolutionary multi-function control valve which reduces water pressure and regulates water flow.
- Exclusive bayonet lock cartridge system, as simple as changing a light bulb.
- Easy installation and cartridge replacement.
- Ideal for food preparation and cooking. Also protects coffee makers and steam irons.

Standard Tap

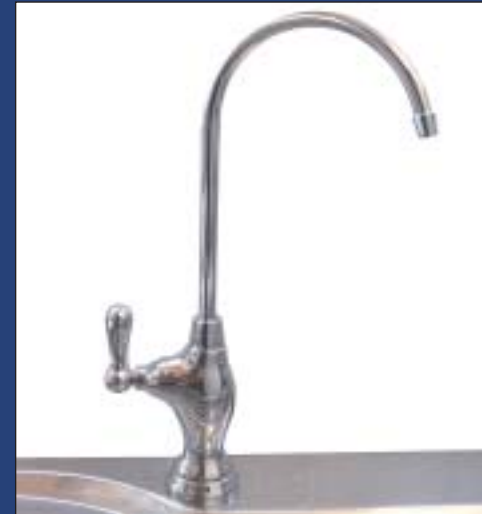

Product code:
28.10.0031 Parbury Standard Tap Package

Kit includes:
1 x 28.10.0027 Standard Tap
1 x 28.10.0026 Filter Cartridge

Style Tap

Product code:
28.10.0032 Parbury Style Tap Package

Kit includes:
1 x 28.10.0028 Style Tap
1 x 28.10.0026 Filter Cartridge

Features indicator light that turns from green to red when the Filter Cartridge needs replacing.

Featured in both Style and Deluxe Tap Models

Deluxe Tap

Product code:
28.10.0033 Parbury Deluxe Tap Package

Kit includes:
1 x 28.10.0029 Deluxe Tap
1 x 28.10.0026 Filter Cartridge

Features indicator light that turns from green to red when the Filter Cartridge needs replacing.
